

Instruction Sheet for Tourism Worksheet Level 1 (Ages 5-6)

Points to note for Museum Guides/Teachers

Aim: This worksheet aims to get students thinking about how a lot of people visit the Cable Car from all over New Zealand and the world.

House Keeping: Ideally teachers and students will have had the worksheets sent to them before they visit.

Once the group has arrived inside the Museum

Sit the group down if possible, before talking to them.

Keep the welcome and introduction to 5 minutes at a maximum, including introducing the worksheet if this hasn't been done at school.

Museum Guide/Teacher Introduction: Explain that many people visit the Cable Car from all over the world not just from their school. Talk about why people come to visit.

Explain to the students that they are going to complete their own worksheet. Tell them it will involve:

- Making a poster about the Cable Car so that people will want to come for a ride on it.

Talk about how the Cable Car looks – colours, special features, Wellington crest etc.

Hand out the worksheet and then go through it with the group if they have not seen it before. Ask if they have any questions.

Send them off to complete the tasks, moving around to keep them focussed.

Once the time allotted is up bring them back together and ask for answers.
